School Year: **2024-25**

School Plan for Student Achievement (SPSA)

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Miller Creek Middle School	21-65318-6024202	May 15, 2025	June 2025

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp), and for federal Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements for both the SPSA and federal ATSI planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

This plan is being used by Miller Creek Middle School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

- Schoolwide Program
- Additional Targeted Support and Improvement

ATSI Plan to address Chronic Absenteeism in Hispanic students and students with disabilities populations found in Goal 4.

This template is based on the December, 2023 CDE revision of the School Plan for Student Achievement. Some modifications have been made to inform the SPSA development process.

Plan Description

Briefly describe your school's plan for effectively meeting ESSA's planning requirements in alignment with the Local Control and Accountability Plan (LCAP) and other federal, state, and local programs.

This plan is being used by Miller Creek Middle School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

- Schoolwide Program
- Additional Targeted Support and Improvement

ATSI Plan to address Chronic Absenteeism in Hispanic students and students with disabilities populations found in Goal 4.

Educational Partner Involvement

How, when, and with whom did Miller Creek Middle School consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Miller Creek School District surveyed all staff, students, and families in December of 2024 using the YouthTruth survey. This YouthTruth survey, along with student achievement and progress data, and attendance data was reviewed by staff, the Site Leadership Team (SLT), the School Site Council (SSC) and our English Learner Advisory Committee (ELAC) during the 24/25 school year. Staff, SLT, SSC and ELAC also reviewed actions connected to school goals and provided input on progress and changes to develop the 2024 SPSA.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

This section is required for all schools eligible for ATSI and CSI.

ASTI: The MCMS 2023 SPSA included the addition of Goal 4 to address Chronic Absenteeism in two student groups: Hispanic students and students with disabilities. In the 2023 Annual Review section of this year's SPSA, we found that not all Hispanic families and Students with Disabilities routinely utilize our home to school communication tool, ParentSquare, and our student academic progress and attendance monitoring tool, Aeries. As a result, additional activities have been added to the 2024 SPSA to increase the routine use of these two tools, which are integral in communicating both the importance of school attendance as well as an individual student's attendance status throughout the year.

Comprehensive Needs Assessment Components

Identify and describe any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

California School Dashboard (Dashboard) Indicators

Referring to the California School Dashboard (Dashboard), any state indicator for which overall performance was in the "Red" or "Orange" performance category.

On the 2024 California Dashboard, Miller Creek Middle School had no state indicator for which overall performance was in the red or orange performance category.

Referring to the California School Dashboard (Dashboard), any state indicator for which performance for any student group was two or more performance levels below the "all student" performance.

2024 California Dashboard Results Analysis:

Chronic Absenteeism for Students Overall was in yellow performance level. Students with Disabilities were two levels below, in the red performance level.

Suspension Rate for Students Overall was in Green performance level. Two or More Races students were two levels below, in the orange performance level.

CAASPP ELA for Students Overall was in Green performance level. English Learners were three levels below, in the red performance level. Students with disabilities were three levels below, in the red performance level. Socioeconomically disadvantaged students were two levels below, in the orange performance level.

CAASPP Math for Students Overall was in the yellow performance level. Students with disabilities were two levels below, in the red performance level. Hispanic students were two levels below, in the red performance level.

Other Needs

In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

Please see Goal 4, which describes the activities planned to address Chronic Absenteeism in two vulnerable students groups: our Hispanic student population and our students with disabilities.

School and Student Performance Data

Student Enrollment

This report displays the annual K-12 public school enrollment by student ethnicity and grade level for Miller Creek Middle School. Annual enrollment consists of the number of students enrolled on Census Day (the first Wednesday in October). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

Enrollment By Student Group

Student Enrollment by Subgroup						
Student Group	Percent of Enrollment			Number of Students		
	21-22	22-23	23-24	21-22	22-23	23-24
American Indian	0.16%	0.16%	%	1	1	
African American	2.02%	1.32%	0.84%	13	8	5
Asian	7.75%	7.89%	5.40%	50	48	32
Filipino	0.62%	0.82%	0.67%	4	5	4
Hispanic/Latino	21.09%	24.18%	26.98%	136	147	160
Pacific Islander	0.62%	0.66%	0.17%	4	4	1
White	57.52%	55.59%	56.16%	371	338	333
Two or More Races	10.23%	9.38%	9.61%	66	57	57
Not Reported	%	0%	0.17%	0	0	1
			Total Enrollment	645	608	593

Enrollment By Grade Level

Student Enrollment by Grade Level			
Grade	Number of Students		
	21-22	22-23	23-24
Grade 6	200	179	200
Grade 7	228	202	184
Grade 8	217	227	209
Total Enrollment	645	608	593

Conclusions based on this data:

1. Miller Creek Middle School has declined in overall enrollment from the 2021/22 school year to present.
2. In 2023/24, the overall percentage of students that identify as Hispanic, our second largest student group, has increased by 2.8% from the prior year. This follows an almost 6% overall increase trend over the past three years.
3. In 2023/24, the overall percentage of students that identify as white, our largest student group, has increased by .57% from the prior year.

School and Student Performance Data

English Learner (EL) Enrollment

This report displays the annual K-12 public school enrollment by English Language Acquisition Status (ELAS). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	21-22	22-23	23-24	21-22	22-23	23-24
English Learners	39	46	68	3.6%	6.0%	11.5%
Fluent English Proficient (FEP)	116	98	92	17.8%	18.0%	15.5%
Reclassified Fluent English Proficient (RFEP)	8	10	13	<1%	1.24%	2.1%

Conclusions based on this data:

1. The percent of students that are reclassified as Fluent English Proficient has increased over the last three years.
2. MCMS has seen a steady rise in the overall percentage of students identified as English Learners.
3. In 2023/24 the percentage of English Learners increased from the prior year by 4.5%.

School and Student Performance Data

CAASPP Results
English Language Arts/Literacy (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's Smarter Balanced Assessment System web page for more information.

Overall Participation for All Students												
Grade Level	# of Students Enrolled			# of Students Tested			# of Students with Scores			% of Enrolled Students Tested		
	21-22	22-23	23-24	21-22	22-23	23-24	21-22	22-23	23-24	21-22	22-23	23-24

All Grades	26.81	28.76	24.70	63.25	58.88	64.15	9.94	12.35	11.15

Conclusions based on this data:

1. CAASPP participation rates remain high at over 97% of students participating in 2023/24.
2. 62% of students met or exceeded the standards on the ELA CAASPP in 2023/24, which is a decline of 6.75% from the prior year.
3. The overall percent of students who nearly met the standard in ELA increased by 6.5% from the prior year.

All Grades	26.06	22.15	21.86	58.24	61.41	58.64	15.70	16.44	19.49

Conclusions based on this data:

1. CAASPP participation rates remain high at 99% in 2023/24.
2. In 2023/24, 49% of students met or exceeded the standards on the Math CAASPP, which is a decline of 3.5% from the prior year.
3. The overall percent of students who performed below standard increased in 2023/24 from the prior year in the domains of: concepts & procedures and communicating reasoning. Student performance remained steady in the area of problem solving & modeling/data analysis.

School and Student Performance Data

The English Language Proficiency Assessments for California (ELPAC) system is used to determine and monitor the progress of the English language proficiency for students whose primary language is not English. The ELPAC is aligned with the 2012 California English Language Development Standards and assesses four domains: listening, speaking, reading, and writing.

Visit the California Department of Education's English Language Proficiency Assessments for California (ELPAC) web page or the ELPAC.org website for more information about the ELPAC.

Conclusions based on this data:

1. The number of students participating in summative ELPAC testing increased by 14 students in 2023/24 from the prior year.
2. In the 2023/24 ELPAC, the greatest gain was the number of students demonstrating Level 3 proficiency, which increased by 13.37% from the prior year.
3. In the 2023/24 ELPAC, our students performed highest in the area of Speaking and lowest in the area of Reading.

School and Student Performance Data

Student Population

The 2024 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides information about the school's student population.

2023-24 Student Population			
Total Enrollment	**Socioeconomically Disadvantaged**	**English Learners**	**Foster Youth**
593	**24.1%**	**11.5%**	**0.2%**
Total Number of Students enrolled in Miller Creek Middle School.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	Students whose well being is the responsibility of a court.

2023-24 Enrollment for All Students/Student Group		
Student Group	**Total**	**Percentage**
English Learners	68	11.5%
Foster Youth	1	0.2%
Homeless	5	0.8%
Socioeconomically Disadvantaged	143	24.1%
Students with Disabilities	64	10.8%

Enrollment by Race/Ethnicity		
Student Group	**Total**	**Percentage**
African American	5	0.8%
American Indian	0	0.0%
Asian	32	5.4%
Filipino	4	0.7%
Hispanic	160	27%
Two or More Races	57	9.6%
Pacific Islander	1	0.2%
White	333	56.2%

Conclusions based on this data:

1. Miller Creek Middle school represents a diverse student body population, with the majority of students identifying as White (56.2%).

2. Our students identified as socioeconomically disadvantaged has increased in 2023/24 by 6.7% from the prior year.

3. Our students identifying as Hispanic has increased in 2023/24 by 2.8% from the prior year and our students categorized as English Learners has increased from the prior year by 3.1%.

School and Student Performance Data

Overall Performance

The 2024 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

Red
Lowest Performance

Orange

Yellow

Green

Blue
Highest Performance

2024 Fall Dashboard Overall Performance for All Students

Academic Performance	Academic Engagement	Conditions & Climate
English Language Arts Green	**Chronic Absenteeism** Yellow	**Suspension Rate** Green
Mathematics Yellow		
English Learner Progress Orange		

Conclusions based on this data:

1. Academic Performance in English Language Arts remained high in 2023/24, consistent with the prior year.
2. Suspension Rates showed significant improvement in the 2023/24 school year, moving from orange to green.
3. Both chronic absenteeism and suspension rates were focus areas of improvement for 2023/24, and both show progress, moving from orange to yellow and and orange to green, respectively.

2024 Fall Dashboard English Language Arts Equity Report				
Red	Orange	Yellow	Green	Blue
2	2	0	3	0

This section provides a view of how well students are meeting grade-level standards on the English Language Arts assessment. This measure is based on student performance on either the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2024 Fall Dashboard English Language Arts Performance for All Students/Student Group		
All Students	**English Learners**	**Long-Term English Learners**
Green	Red	No Performance Color
21.5 points above standard	96.0 points below standard	109.0 points below standard
Declined 8.3 points	Maintained 0.5 points	Increased 20.4 points
575 Students	89 Students	30 Students
Foster Youth	**Homeless**	**Socioeconomically Disadvantaged**
No Performance Color	No Performance Color	Orange
Less than 11 Students	Less than 11 Students	53.3 points below standard
1 Student	5 Students	Declined 7.0 points
		136 Students

Students with Disabilities	African American	American Indian
Red	No Performance Color	No Performance Color
86.7 points below standard	Less than 11 Students	0 Students
Declined 6.8 points	6 Students	
63 Students		

Asian	Filipino	Hispanic
Green	No Performance Color	Orange
67.4 points above standard	Less than 11 Students	48.7 points below standard
Declined 21.3 points	4 Students	Maintained 0.7 points
32 Students		150 Students

Two or More Races	Pacific Islander	White
Green	No Performance Color	Green
39.5 points above standard	Less than 11 Students	47.1 points above standard
Declined 26.4 points	1 Student	Declined 4.3 points
55 Students		326 Students

Conclusions based on this data:

1. Overall student performance was high in ELA on the 2023/24 CAASPP, however the overall performance declined by 8.3 points from the prior year and there is a discrepancy in performance data by student groups.
2. While English Learners' performance on the 2023/24 CAASPP in ELA was in the red for the second year in a row, the number of ELs tested increased by 28 students from the prior year.
3. English Leaners, student with disabilities, socioeconomically disadvantaged and Hispanic students continue to be student groups to focus on for additional support due to the discrepancy in performance compared to their white, multiracial and Asian peers.

Green	No Performance Color	Green
21.8 points above standard	Less than 11 Students	13.0 points above standard
Declined 10.9 points	1 Student	Maintained 1.2 points
55 Students		325 Students

Conclusions based on this data:

1. Students overall continue to struggle on the Math CAASPP: the overall student performance on the Math CAASPP assessment for 2023/24 was 13.4 points below standard, which is a decrease from the prior year by 10.1 points.
2. English Learners showed a significant improvement in performance on the 2023/24 CAASPP in Math, moving from the red to orange band due to an increase in 7.7 points. There was also an increase in the number of students identified as English Learners who tested in 2023/24 with an increase of 31 students from the prior year.
3. English Leaners, student with disabilities, socioeconomically disadvantaged and Hispanic students continue to be student groups to focus on for additional support due to the discrepancy in performance compared to their white, multiracial and Asian peers.

School and Student Performance Data

Academic Performance
English Learner Progress

The 2024 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. This section provides a view of the percentage of current EL students making progress towards English language proficiency or maintaining the highest level.

2024 Fall Dashboard English Learner Progress Indicator	
English Learner Progress	**Long-Term English Learner Progress**
Orange	No Performance Color
43.1% making progress.	43.5% making progress.
Number Students: 51 Students	Number Students: 23 Students

This section provides a view of the percentage of current EL students who progressed at least one ELPI level, maintained ELPI level 4, maintained lower ELPI levels (i.e, levels 1, 2L, 2H, 3L, or 3H), or decreased at least one ELPI Level.

2024 Fall Dashboard Student English Language Acquisition Results			
Decreased One ELPI Level	**Maintained ELPI Level 1, 2L, 2H, 3L, or 3H**	**Maintained ELPI Level 4**	**Progressed At Least One ELPI Level**
17.6%	39.2%	0%	43.1%

Conclusions based on this data:

1. In 2023/24, the number of students taking the ELPAC increased by 13 students from the prior year.
2. In 2023/24, 43.1% of EL students progressed at least one ELPI level. This is an decrease of 2% from the previous year.
3. In 2023/24, 45% of our English Learners taking the ELPAC are classified as Long-Term English Learners.

Orange 12.1% Chronically Absent Increased 5.1 58 Students	No Performance Color Fewer than 11 students - data not displayed for privacy 1 Student	Yellow 11.5% Chronically Absent Declined 2.2 339 Students

Conclusions based on this data:

1. In 2023/24, overall chronic absenteeism decreased by 2.1%, moving MCMS from the red to orange band.
2. For the second year in a row, a quarter of our students with disabilities were chronically absent in 2023/24.
3. In 2023/24, all student groups declined in chronic absenteeism, with the exception of our Students with Disabilities, whose high rate of chronic absenteeism remained even, and our students of two or more races, who increased in chronic absenteeism by 5.5% from the prior year.

Students with Disabilities	African American	American Indian
Yellow 8.6% suspended at least one day Declined 8.5% 70 Students	No Performance Color Fewer than 11 students - data not displayed for privacy 9 Students	No Performance Color 0 Students

Asian	Filipino	Hispanic
Blue 0% suspended at least one day Maintained 0% 33 Students	No Performance Color Fewer than 11 students - data not displayed for privacy 4 Students	Green 5.4% suspended at least one day Declined 6.4% 166 Students

Two or More Races	Pacific Islander	White
Orange 8.6% suspended at least one day Increased 3.4% 58 Students	No Performance Color Fewer than 11 students - data not displayed for privacy 1 Student	Green 2.4% suspended at least one day Declined 2.6% 339 Students

Conclusions based on this data:

1. In 2023/24, the two student groups with the highest rate of suspension, both at 8.6%, were our students who identify as two or more races and our students with disabilities. However students who identify as two or more races make up only 10.8% of our total population and students with disabilities make up only 9.6% of our total student population.
2. In 2023/24, our students who identify as white showed a 2.4% suspension rate, with white students making up 56% of our population, however our students who identify as Hispanic showed a 5.4% suspension rate yet make up 27% of our student population.
3. In 2023/24, all student groups showed a decline in suspension rates, with the exception of those who identify as two or more races, who showed an increase of 3.4% of students being suspended for one or more days.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 1

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Conditions of Learning
Miller Creek Middle School will build the necessary infrastructure that supports optimal learning for all students, especially our most vulnerable students.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

To build the necessary infrastructure that supports access to programs for all students, especially our most vulnerable students.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

Board Focus Areas:
1. Attract, hire, retain, and support an outstanding diverse staff
2. Sustain fiscal solvency and essential infrastructure
3. Rigorous student learning

State Priorities:
1. Basic Services
2. State standards
3. Course access
4. Expelled youth
5. Foster youth

In the 2024/25 school year, Miller Creek Middle School serves the following groups of students:

Ethnicity/Race
- White: 54.9%
- Hispanic: 28.1%
- Two or More Races: 9.2%
- Asian: 4.4%
- African American: 1.9%
- Filipino: 0.8%
- Pacific Islander: 0%
- Alaska Native: 4.2%

Language Fluency
- English Learners: 9.4%
- Redesignated Fluent English Proficient: 13.6%

Programs
- Students with Disabilities: 9.2%
- Homeless and Foster Youth: 0.7%

Socioeconomic Status
- Socioeconomically Disadvantaged: 31.2%

Sex
- Female: 51.5%
- Male: 48.5 %

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
1. Williams Report	1. Satisfactory Williams Report, with 100% of students having access to quality, current textbooks and other Instructional Materials.	1. Maintain satisfactory William's Report, with 100% of students having access to quality, current textbooks and other Instructional Materials.
2. SARC a) Fully Credentialed Teachers b) Facility Rate c) Support Services Staff d) Staff Development and Continuous Improvement	2. Completed SARC, with a) 100% of teachers Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned) b) Overall Facility Rate of good c) Sufficient Student Support Services Staff	2. Completed SARC, maintaining: a) 100% of teachers Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned) b) Overall Facility Rate of Good c) Sufficient Support Services Staff d) Three workdays dedicated to Staff Development and Continuous Improvement

	d) Three workdays dedicated to Staff Development and Continuous Improvement	
3. YouthTruth Staff Survey	3. 2024/25 YouthTruth Staff Survey Percent Positive in the measure Professional Development and Support: 57%.	3. An 8% increase in the YouthTruth Staff Survey Percent Positive in the measure Professional Development and Support to 65% in 2025/26.
4. Master Schedule a) Variety of classes b) Intervention and Acceleration Opportunities c) Class Size	4. Devise a Master Schedule that provides equitable access to all courses. Ensure that it offers: a) Variety of Classes b) Intervention and Acceleration opportunities for all students c) Class sizes within MCEA contract requirements	4. Implement the Master Schedule, with: a) Variety of Classes b) Intervention and Acceleration opportunities for all students c) Class sizes within MCEA contrast requirements
5. Percentage of Student Groups in Accelerated and Leadership Courses	5. Representation of all student groups participating in accelerated courses and Leadership class. Participation in Accelerated Courses (APEX, Algebra 1, Concurrent Math): • White = 74% • Hispanic = 6.3% • Multi = 13.5% • Asian = 5.2% • African American = 1% • Multilingual Learner/EL = 0% • SWD = 1% • SED = 3.1% • Male = 53.1% • Female = 46.9% Participation in LEAD Course: • White = 80% • Hispanic = 10.2% • Multi = 5.1% • Asian = 5.1% • African American = 0% • Multilingual Learner/EL = 5.1% • SWD = 3.4% • SED = 13.6% • Male = 30.5% • Female = 69.5%	5. Achieve a proportional representation of all student groups participating in accelerated courses and Leadership class.
6. Percentage of Student Groups in Leadership Opportunities	6. Representation of all student groups participating in Leadership Opportunities (WEB and Honor Society) • White = 69.1% • Hispanic = 13.6% • Multi = 11% • Asian = 5.5% • African American = .9% • Multilingual Learner/EL = 2.7% • SWD = 2.7%	6. Achieve a proportional representation of all student groups participating in Leadership Opportunities (WEB, Honor Society and Multilingual Ambassadors).

	• SED = 11.8% • Male = 29% • Female = 71%	
7. Percentage of students meeting IEP goals	7. Baseline unknown on percentage of students meeting IEP goals.	7. Increase in the number of Special Education students meeting 1 or more IEP goals.
8. After School Tutorial	8. In the 2024/25 school year, 53 students have been served in After School Tutorial. AST runs twice a week, for a total of 60 sessions in 2024/25.	8. Maintain the number of students served in AST. Maintain AST twice a week, for a total of 60 sessions in 2025/26.
9. Student access to Study Hall two times a week	9. All students participate in Study Hall twice a week. Average Study Hall class size in 2024/25 is 24/class.	9. Maintain all students participating in Study Hall twice a week. Maintain average study hall class size in 2025/26 of 20/class.

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Strategy/ Activity #	Description	Students to be Served	Proposed Expenditures
1.1	Hire and retain highly qualified and diverse certificated and classified staff, including intervention teachers, special education teachers, and paraprofessionals. Retain this staff by providing: 1. Support for new and/or beginning teachers through beginning teacher support & assessment (BTSA), and Peer Assistance & Review (PAR) PAR mentoring program; 2. Professional development opportunities to enable professional growth and continuous improvement; 3. Increased opportunities for teachers to engage in classroom observations and collaboration, including a minimum of three days offered to teachers for potential peer observation, collaboration and reflection; 4. Increased opportunities for intervention teachers to provide professional development to staff. This professional development will focus on differentiation strategies, identifying accessible curriculum, and supporting English Learners through integrated ELD; 5. Onboarding training to new paraprofessionals; 6. Professional development to paraprofessionals in both academic and behavioral interventions to support the needs of regular and special education students, including EL students, foster youth, and students requiring academic intervention. 7. Classified staff meetings, including paraprofessional meetings.	All Students	None Specified Identified in LCAP

1.2	Provide library services for all students that offers opportunities for students to learn about the world around them.	All Students	None Specified Identified in LCAP
1.3	Provide consistent and transparent access to classroom curriculum, assignments and student progress through the use of both Google Classroom and Aeries. This will be achieved by: 1. Making agreements with staff about a consistent way for parents to access information about assignments and grades; 2. Creating a Citizenship Rubric to ensure consistent assessment of students' citizenship; 3. Continuing our EL Grading Policy to better communicate student progress for multilingual learners; 4. Promoting the use of the comments feature in both Google Classroom and Aeries when assessing student work; 5. Providing parent education in Google Classroom, ParentSquare and Aeries, ensuring that this education is available in both English and Spanish; 6. Providing staff education in Google Classroom, ParentSquare and Aeries; 7. Providing student education in Google Classroom, Google Suite (e.g. Docs, Gmail, Slides, Drive) and Aeries through 6th grade Exploratory Tech class.	All Students	None Specified Identified in LCAP
1.4	Offer a broad and accessible course of study with opportunities for both acceleration and intervention, including: 1. Physical education, music, visual/fine arts, technology, Leadership, applied science and world languages; 2. 6th grade exploratory course aligned with CASEL 5 framework and the Social Justice Standards; 3. Academic Workshop intervention course for identified 7th and 8th graders; 4. Exploratory Skills intervention course for identified 6th graders; 5. English Language Development course sequence for level 1 and level 2 multilingual learners;	All Students, including English Learners and Students with Disabilities	None Specified Identified in LCAP

	6. Open access to our Accelerated Math Pathway, including APEX Math, Concurrent Math 7 and Math 8, and Algebra 1; 7. Special Education courses that support students' identified needs in the Least Restrictive Environment; 8. Academic Study Hall twice a week, offering 20 minutes of homework and intervention support for students within the school day. 9. Monitor the student demographics of our acceleration and intervention courses to achieve a proportional representation of student groups.		
1.5	Provide additional leadership, academic enrichment, extracurricular and intervention opportunities for all students, especially our most vulnerable students, by offering: 1. Leadership opportunities via Leadership class, WEB leaders, Honor Society, Wellness Ambassadors, Student Leaders Antiracist Movement (SLAM) and Multilingual Ambassadors; 2. Academic enrichment via lunchtime clubs such as Mathletes, Drama Club, Chess Club, Botany Club, Writing Club, Book Club, Tech Club, Art Club, and Speech and Debate; 3. Extracurricular sports, including: girls and boys volleyball, cross country, flag football, girls and boys basketball, and track and field; 4. After School Tutorial to identified students twice a week. Provide both peer tutoring and general education teacher support during After School Tutorial. 5. Monitor the student demographics of our leadership, academic enrichment, extracurricular and intervention opportunities to achieve a proportional representation of student groups.	All Students	None Specified Identified in LCAP
1.6	Maintain an accessible, dynamic and functioning 1:1 technology initiative, by: 1. Processing tech support tickets in a timely manner; 2. Ensuring school to home communication regarding student tech tickets and Chromebook repair status; 3. Upholding Student Technology Use Agreement to ensure that Chromebooks are not misused, neglected or damaged and to ensure that students engage with technology in an acceptable way;	All Students	None Specified Identified in LCAP

	4. Providing teachers access to educational technology, particularly educational technology that provides intervention support; 5. Providing professional development for teachers to effectively use educational technology; 6. Continuing to allocate funds from site budget to support educational technology and 1:1 learning initiative.		
1.7	Monitor site budge in collaboration with district Chief Business Officer and align site spending with site priorities as outlined in SPSA.	All Students	None Specified Identified in LCAP
1.8			

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

2024/25 YouthTruth Staff Survey percent positive in the measure Professional Development: showed a 2% increase, rather than the goal of a 10% increase.

In 2024/25, we provided an additional leadership opportunity by creating a group called "Multilingual Leaders." Students volunteered to join this group, and group membership required students who identified as Multilingual Learners (EL) or Reclassified Fluent English Proficient. Our Multilingual Ambassadors group was advised by our counselor, who collaborated with our English Language Development (ELD) teacher. Multilingual Leaders visited our ELD 1 class a number of times throughout the school year and provided peer advisement and support and engaged in community building activities.

In 2024/25 school year, we did not offer enough professional development opportunities for our classified staff and in particular--our paraprofessionals. This may have contributed to our only slight increase of 2% in the YouthTruth Staff Survey percent positive measure for Professional Development.

In 2024/25, our intervention teachers, in partnership with our district office staff and select certificated staff members provided professional development to staff to support multilingual learners. These sessions received positive feedback from certificated staff.

In 2024/25, four certificated teachers participated in a professional development series offered by the Marin County Office of Education in supporting Multilingual Learners (sessions led by Tonya Ward Singer).

In 2024/25, four certificated teachers participated in a professional development series brought to our district by the Marin County Office of Education in supporting special education students in the general education setting (session led by Carlo Rossi).

In 2024/25, we did not create a Citizenship Rubric to ensure consistent assessment of students' citizenship. As a result, teachers continued to use their own rubrics to report on students' citizenship.

In the 2024/25 school year, we continue to see a disproportionate representation of students in our acceleration and interventional courses. Enrollment in our acceleration courses are predominantly white (LEAD 80% and math

acceleration 74%), with the percent of white students participating in our acceleration courses increasing in the past year. Strategies to attract students to these courses did not significantly decrease the disproportionality.

In the 2024/25 school year, we experienced a continued concern in the misuse, neglect and damage of student Chromebooks. In addition, our school to home communication regarding student tech tickets and repair status was inconsistent. We also had a staffing change in the role of Data Support Technician, with a new staff member joining the district in this role in November. As a result, systems to monitor student Chromebook repair and damage reports were disbanded and eventually recreated.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

None of the activities in the 2023 SPSA related to Goal 1 required a major difference in the intended implementation and the budgeted expenditures to meet the articulated goal.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

2024/25 YouthTruth Staff Survey percent positive in the measure Professional Development: showed a 2% increase, rather than the goal of a 10% increase. As a result, the goal for the 2025/26 school year has been listed as an 8% increase, maintaining the overall goal of 65% positive. To help attain this goal, in the 2024 SPSA we've included a full day substitute to be scheduled for a minimum of 3 times in the 2025/26 school year to allow for teacher collaboration on best practices through a scheduled time for observation & reflection. See Activity 1.1 above.

With the addition in 2024/25 of our Multilingual Leaders group, we will now include our Multilingual Leaders when tracking the representation of all student groups participating in Leadership Opportunities. We predict that this will increase the proportion of Hispanic students and Multilingual Learners participating in leadership opportunities. See Activity 1.5 above.

In 2024/25, we expanded the range of teachers hosting study hall to include our three physical education teachers and our three special education teachers. This expanded the number of sections of study hall to 6, which decreased study hall class sizes from 24/class in 2023/24 to 20/class in 2024/25. We will continue with this expansion in the 2024 SPSA for the 2025/26 school year. See Activity 1.5 above.

In the 2024 SPSA for the 2025/26 school year, we will offer more paraprofessional professional development and classified staff meetings in order to retain highly qualified and diverse classified staff. See Activity 1.1 above.

In the 2024 SPSA for the 2025/26 school year, we will continue to use the EL Grading Policy implemented in the 2024/25 school year in order to ensure that academic progress made by our multilingual learners is being accurately reported. See Activity 1.3 above.

In the 2024 SPSA for the 2025/26 school year, we will continue to address the disproportionality of students in our acceleration and intervention classes as well as the disproportionality of students in our leadership and academic enrichment opportunities (Web, Honor Society and Multilingual Leaders). This will be addressed by closely monitoring the student demographics in this classes and opportunities and presenting them to staff in the spring of 2026, when students begin to select classes for next school year and staff begin to recruit for leadership opportunities. See Activity 1.5 above.

In the 2024 SPSA for the 2025/26 school year, we will establish a more consistent system for processing student tech support tickets for Chromebook issues to better monitor the number of devices needing repair, to better communicate Chromebook damages to families, and to adjust our expectations for students based on the data we compile. See Activity 1.6 above.

In the 2024 SPSA for the 2025/26 school year, we will be updating our elective options for seventh and eighth graders to meet staffing needs and student interests: French will no longer be an available option in the following school year due to the retirement of our French teacher. We will be expanding our elective options in the 2025/26 school year to include a physical education elective, Cross Training. See Activity 1.4 above.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 2

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Academic Achievement
Miller Creek Middle School will utilize a multi-tiered system of support for students to accelerate their learning and to help close the achievement gap. This will result in a decrease in the performance gap between student groups on identified assessments in English Language Arts and mathematics, and lead to an overall proficiency rate of 70% for all students in English Language Arts and a 60% overall proficiency rate for all students in mathematics on the 2024/25 CAASPP.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

Increase academic achievement in mathematics and English language arts for all students with a focus on narrowing the achievement gap for English Learners, students receiving special education services, Hispanic/Latinx, and socioeconomically disadvantaged students through best-practices in personalized learning and a multi-tiered system of supports.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

Board Focus Areas:
1. Rigorous Student Learning

State Priorities:
1. Student Achievement
2. Other Student Outcomes

The 2023/24 CA Dashboard data identifies three students groups with significant performance gaps (at least 2 or more performance levels below all students) on the English Language Arts CAASPP: English learners, students with disabilities, and socioeconomically disadvantaged students. The activities below work to decrease these performance gaps.

The 2023/24 CA Dashboard data identifies two students groups with significant performance gaps (at least 2 or more performance levels below all students) on the Math CAASPP: students with disabilities and Hispanic students. The activities below work to decrease these performance gaps.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
1. CA School Dashboard: ELA	1. 23/24 CA School Dashboard: ELA • 62% of Students Overall met or exceeded standard. • 71% of White students met or exceeded standard. • 34% of Hispanic students met or exceeded standard. • 42% of Socioeconomically disadvantaged students met or exceeded standard. • 19% of Students with Disabilities met or exceeded standard. • 2% of English Learners met standards (0% exceeded standard).	1. On 24/25 CAASPP assessment in ELA, 70% of students overall will meet or exceed standard. The disproportionate rate of achievement will be minimized between student groups, with all groups identified in the baseline showing an increase in proficiency.
2. CA School Dashboard: Math	2. 23/24 CA School Dashboard: Math • 49% of Students Overall met or exceeded standard. • 59% of White students met or exceeded standard. • 18% of Hispanic students met or exceeded standard. • 29% of Socioeconomically disadvantaged students met or exceeded standard. • 17% of Students with disabilities met or exceeded standard. • 2% of English Learners met standard (0% exceeded standard).	2. On the 24/25 CAASPP assessment in Math, 60% of students overall will meet or exceed standard. The disproportionate rate of achievement will be minimized between student groups, with all groups identified in the baseline showing an increase in proficiency.
3. ELPAC English Learner Performance Indicator (ELPI) Rate	3. 22/23 CA School Dashboard: ELPAC ELPI Rate • 43% of students are making progress towards English language proficiency.	3. On the 2024/25 ELPAC, 50% of students will make progress towards English language proficiency.
4. Local Assessments (e.g. STAR, Unit Assessments, MDTP)	4. STAR Winter Assessment Report for 24/25 School Year - Percent of Students At/Above Benchmark in January 2025 ELA: • Overall, 69% • White students, 79% • Hispanic students, 37% Math: -Overall, 50% • White students, 58% • Hispanic students, 25%	4. On the 2025/26 STAR Winter assessment, conducted in January of 2026, 75% of students overall will demonstrate proficiency in ELA and 60% of students overall will demonstrate proficiency in math. The disproportionate rate of achievement will be minimized between student groups, with all groups identified in the baseline showing an increase in proficiency.

5. IEP Goals Progress	6. Rate of students meeting IEP goals unknown.	5. The rate of students meeting IEP goals on annual evaluations will be 70%.
6. Trimester D/F Lists	6. When analyzing the Trimester 2 D/F List for 2024/25, 37% of students on the list are receiving some type of intervention (academic, counseling, special education or attendance intervention).	6. The trimester 2 D/F List for 25/26 will to show that 75% of students on the list are receiving some type of intervention (academic, counseling, special education or attendance intervention). As a result, the total number of students on the D/F list each trimester will decrease.

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Strategy/ Activity #	Description	Students to be Served	Proposed Expenditures
2.1	1. Provide ongoing professional development for credentialed and classified staff on curriculum adoptions to ensure that teachers are utilizing all of the tools available within their adopted curriculum to make content accessible for all students. 2. Increase adopted curriculum support in Social Studies (National Geographic) and Science (STEMscopes). 3. Increase adopted ELA curriculum support in Special Education (Writers Workshop) through increased special education and general education collaboration in designated Learning Wednesday meetings. 4. Increase collaboration between special education and general education math teachers in designated Learning Wednesday meetings.	All students, with an emphasis on increasing academic achievement for English Learners, Hispanic students, Students with Disabilities and Socioeconomically Disadvantaged students.	None Specified Identified in LCAP
2.2	Increase English Language Development intervention support for multilingual learners through: 1. An expanded two course sequence of ELD 1 and ELD 2; 2. The use of a newly adopted curriculum, English 3D, to support Level 1 (Emerging) and Level 2 (Expanding) multilingual learners; 3. A strategic placement of our bilingual intervention assistant in general education classes with multilingual learners; 4. Professional development for certificated staff in the area of high impact, integrated ELD strategies.	English Learners, ELPAC Levels 1 & 2	None Specified Identified in LCAP
2.3	Increase ongoing communication and promote collaboration between general education teachers and special education, ELD and intervention teachers to support students' assignment completion, math and literacy progress, and	All students, with an emphasis on increasing academic achievement for English Learners, Hispanic students,	None Specified Identified in LCAP

	support/analysis of IEP goals. Provide intentional time for this communication and collaboration during Learning Wednesdays.	students with disabilities and socioeconomically disadvantaged students.	
2.4	Teachers will utilize STAR benchmark assessment data and interim SBAC assessments to monitor student progress, identify students in need of intervention, and determine appropriate interventions. English language arts and math teams will be provided with intentional time for analysis of STAR benchmark data to monitor student progress and to inform lesson planning.	All students, with an emphasis on increasing academic achievement for English Learners, Hispanic students, students with disabilities and socioeconomically disadvantaged students.	None Specified Identified in LCAP
2.5	The site MTSS committee will meet quarterly to: 1. Assess school wide systems for offering Tier 1, Tier 2, and Tier 3 support interventions in the areas of academics, behavior, and social emotional support; 2. Engage in a high level review of student data to look for school wide patterns; 3. Reinforce among all staff the Tier 2 intervention process of completing Closer Look Forms and participating in Safety Net Meetings and Student Study Teams. 4. Organize training for staff in a Learning Wednesday on how to provide appropriate, actionable and meaningful feedback in a Student Study Team.	All Students	None Specified Identified in LCAP
2.6	Implement a systemic literacy and math intervention plan that supports all struggling students, including English Learners. This is achieved through: 1. An Academic Workshop intervention class for selected 7th & 8th graders; 2. An Exploratory Skills intervention class for selected 6th graders offering targeted ELA and math intervention, as well as executive functioning support; 3. ELD 1 and ELD 2 classes for multilingual learners; 4. After School Tutorial program with peer tutoring and teacher support specifically in the areas of ELA and Math; 4. A targeted math study hall for students scoring in the intervention category on STAR math and CAASPP assessments; 5. A dedicated ELD study hall for multilingual learners.	All students, with an emphasis on increasing academic achievement for English Learners, Hispanic students, students with disabilities and socioeconomically disadvantaged students.	None Specified Identified in LCAP
2.7	MCMS will collaborate with students and families in order to provide appropriate intervention services.	All Students	None Specified

	This collaboration is conducted through progress monitoring and communication tools such as Google Classroom, Aeries and ParentSquare, as well as open Fall Conferences, designated Fall Support Conferences, Safety Net Meetings, Student Study Team meetings, 504 meetings and Special Education annual reviews and eligibility evaluations.		Identified in LCAP
2.8	MCMS will partner with our counseling and wellness team, our leadership teacher, and our Home and School Club to create a Testing Wellness Plan to develop positive mindsets and healthy habits in the days leading up to, and during, CAASPP testing.	All Students	None Specified Identified in LCAP

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

In 2024/25, we provided an additional online training in the second trimester for our social studies teachers to better learn how to use differentiation tools in their online National Geographic curriculum.

In 2024/25, we did not provide ELA curriculum support to our special education teachers in the Writers Workshop. One of our two special education teachers has been trained in previous years, but did not receive any specific refresher this year to help them in implementing Writers Workshop curriculum.

All ELA teachers were invited to participate in a NewsELA online training to learn how to better utilize their tools for differentiation.

The expanded two course sequence for ELD, with our newly adopted curriculum, English 3D, was a success as demonstrated in our students' most recent Spring 2025 ELPAC scores, with one student achieving a performance level of 4 (which means redesignation) and 5 of our 7 ELD 2 students progressing at least one full performance level. In addition, of the 22 multilingual learners enrolled in either ELD 1 or ELD 2, not a single student regressed a performance level on the Spring 2025 ELPAC.

In 2024/25, four certificated teachers participated in a professional development series offered by the Marin County Office of Education in supporting Multilingual Learners in the general education classroom (sessions led by Tonya Ward Singer).

In 2024/25, designated ELA grade level reps received a full day of guided professional development to review and analyze our grade level and cohort data to identify strengths, areas of growth, and trends; to identify specific target/claims that are focus areas of growth; and to develop an action plan that utilizes the Smarter Balanced Tools for Teachers resources including available sample items interim assessments and determines how interim assessments will be used to prepare students for their annual CAASPP assessment.

In 2024/25, the entire math department received a full day of guided professional development to review and analyze our grade level and cohort data to identify strengths, areas of growth, and trends; to identify specific target/claims that are focus areas of growth; and to develop an action plan that utilizes the Smarter Balanced Tools for Teachers resources including available sample items interim assessments and determines how interim assessments will be used to prepare students for their annual CAASPP assessment.

In 2024/25, the site MTSS committee met quarterly to review our MTSS systems for supporting students' academic needs. The site MTSS committee did not review our systems for supporting students' behavioral or social-emotional needs.

In 2024/25, site administration partnered with our counseling and wellness team, our Leadership teacher, and funding from our Home and School club to create a Testing Wellness Plan: a series of lessons and events to promote a positive mindset and healthy habits in the days leading into, and during, CAASPP testing. The plan was created in order to increase overall scores in ELA, math and science by providing tools, activities and healthy food that benefit all students, especially our most vulnerable students during testing.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

In the 2024 SPSA, I have adjusted Activity 2.4 to specific that ELA and math teachers will review STAR assessment data and Smarter Balanced Interim assessment to monitor student progress. In addition, I have adjusted Activity 2.6 to remove the plan to provide a section of intervention dedicated to student progress monitoring conducted by our Intervention Teacher. In the 2025/26 school year, our intervention support will reduced by .2 Full Time Equivalent (FTE) to an overall FTE of .8. All intervention FTE will be provided by teachers through rostered sections. The loss of the .2 FTE in intervention will result in the loss of a single intervention teacher to monitor all student progress and to develop support plans in collaboration with our general education teachers. To account for this loss, administration must designate specific Learning Wednesday department time for ELA and math teams to analyze STAR and Smarter Balanced interim assessments results to inform their next steps in addressing struggling students.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

In the 2024 SPSA for the 2025/26 school year, we will provide Writers Workshop curriculum support and additional math support to our special education teachers by designating specific Wednesday meetings for special education/general education teach collaboration. See Activity 2.1 and 2.3 above.

In the 2024 SPSA for the 2025/26 school year, we have shifted the following annual outcomes to more attainable goals based on current data:
1) On 24/25 CAASPP assessment in ELA, we will decrease our goal to 70% of students overall will meet or exceed standard. This is a decrease of 5% from the 2023 SPSA. We believe this goal is appropriate based on the work planned in Activity 2.4
2) On 24/25 CAASPP assessment in math, we will maintain our goal of 60% of students overall will meet or exceed standard. We believe this goal is appropriate based on the work planned in Activity 2.4.
3) For the 24/25 Spring 2025 ELPAC assessment, we will increase our goal to 50% of students making progress towards English language proficiency by moving up one ELPI level. We believe this goal is appropriate based on work planned in Activity 2.2.

In the 2024 SPSA for the 2025/26 school year, we have expanded the scope of our MTSS committee's work to include a review of all three realms of student support: academic intervention, behavioral interventions, and social-emotional interventions. See Activity 2.5 above.

In the 2024 SPSA for the 2025/26 school year, we have added Activity 2.8 to ensure that we develop another Testing Wellness Plan for Spring 2026 CAASPP testing.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 3

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Engagement and Wellness
Miller Creek Middle School will increase a positive connection with school for students and families through consistent home and school communication; inclusive engagement opportunities for students and families; and social emotional learning and wellness support for all students.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

To increase connectedness for students through social emotional learning, campus inclusion, and wellness.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

Board Focus Areas:
1. Strengthen student connectedness
2. Cultivate community engagement to advance and enrich student learning

State Priorities:
1. School Climate
2. Student Engagement
3. Parent Involvement

The 2023/24 CA Dashboard data identifies one student groups with a significant performance gap (at least 2 or more performance levels below all students) in the area of Chronic Absenteeism: students with disabilities. The activities below work to decrease this performance gap.

The 2023/24 CA Dashboard data identifies one student group with a significant performance gap (at least 2 or more performance levels below all students) in the area of Suspension Rates: students who identify as two or more races. The activities below work to decrease this performance gap.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
1. YouthTruth Family Survey	1. In the 2024/25 YouthTruth Family Survey, a) 34% of families participated in the survey; b) 56% of those families had a positive response when asked: "I feel engaged with my school." (Engagement) b) 64% of those families had a positive response when asked: "I feel valued by my school." (Culture)	1. By increasing a positive connection with school for families, the percent positive responses for both questions will increase on the YouthTruth Family Survey in 2025/26.
2. YouthTruth Student Survey	2. In the 2024/25 YouthTruth Student Survey: a) 28% of students had a positive response when asked: "How many of your teachers try to understand what your life is like outside of school?" (Relationships) b) 49% of students had a positive response when asked: "When I'm feeling upset, stressed, or having problems, there is an adult from school who I can talk to about it." (Relationships) c) 54% of students had a positive response when asked: "I am able to create goals for my own learning." (Engagement)	2. By increasing a positive connection with school for students, and continuing access to wellness supports, the percent positive responses for both questions will increase on the YouthTruth Student Survey in 2025/26.
3. Attendance Rates - CA School Dashboard/Aeries Student Data System	3. CA School Dashboard for 2023/24 reports a 12.5% Overall Chronic Absenteeism rate. Per Aeries, as of May 2025, our Overall Chronic Absenteeism rate is 14.5% for the 24/25 school year.	3. A decrease in overall chronic absenteeism in 2025/26 by 4%.
4. Suspension rates - CA School Dashboard/Aeries Student Data System	4. CA School Dashboard for 2023/24 reports a 3.9% Overall Suspension Rate. Per Aeries, as of May 2025, our overall suspension rate is 5%. Of our students suspended one or more day in the 24/25 school year, 45% are students will disabilities.	4. A decrease in overall suspension rate in 2024/25 by 2%, including a decrease in the disproportionate rates of suspension among student groups.
5. Go Guardian Beacon Alerts	5. 350 Go Guardian Beacon Alerts in 2024/25 school year as of May 2025.	5. Go Guardian Beacon Alerts will remain steady in the effort to monitor student safety.

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Strategy/ Activity #	Description	Students to be Served	Proposed Expenditures
3.1	Provide consistent communication to families through a variety of avenues that are accessible, inclusive and promote engagement with the school, including: 1. Host a principal coffee chat once a trimester, alternating in the morning and afternoon; 2. Maintain an updated school calendar, weekly Panther Press bulletins generated in ParentSquare, and daily bulletin. Make sure that all are accessible on the school website; 3. Teachers utilize ParentSquare for direct messages to families and to post class newsletters; 4. Ensure bilingual communication through: a bilingual front office staff member, the use of the Language People for translation and interpretation services for parent events, and a communication system that has translation features (ParentSquare); 5. Maintain collaboration with Home and School Club to host events on campus that promote family connectedness. Collaborate with Home and School Club to provide parent education in areas of identified need. Provide at least two annual parent education opportunities run by our counselors during Home and School Club meetings; 6. Participate in District English Learner Advisory Committee meetings at least once a trimester to promote English Learner families' engagement with the school and host quarterly Site English Learner Advisory Committee meetings; 7. Continue to collaborate with Can Do! to provide an excellent range of programs to increase student and family connectedness; 8. Administer the YouthTruth Survey annually to families.	All Students	None Specified Identified in LCAP
3.2	Provide access to counseling and wellness services, as well as health and CASEL 5 framework curriculum to all students, including: 1. Continue to offer a viable social emotional learning program, including the Wellness Center and monthly SEL lessons; 2. Maintain two full time counselors, one full time Wellness Outreach Specialist, and a number of counseling interns (including at least one bilingual intern);	All Students	None Specified Identified in LCAP

	3. Provide Health Education to students in Grade 7 or 8 that aligns with California's Healthy Youth Act through a partnership with Superstar Health Educators; 4. Provide CASEL 5 framework curriculum to all students in Grade 6 through an Exploratory period; 5. Implement Go Guardian Beacon, a suicide prevention tool, that provides alerts to counseling and administration in response to students' online activity; 6. Provide staff with ACT training each fall to help identify suicide warning signs and to know how to ACT (Acknowledge, Care, Tell) if concerned for a student; 7. Counselors provide annual Student Wellness Survey each fall. Each March, engage all students in a "Responsible Decision Making" lesson to teach students how to ACT (Acknowledge, Care, Tell) if concerned about suicide for themself or a peer; 8. Provide all students each fall with a tour of the Wellness Center to learn about how to access available resources; 9. Provide tobacco and drug prevention education to students through a partnership with Marin County Office of Education and the organization We Lead Ours (WELO).		
3.3	Provide Positive Behavioral Interventions and Supports (PBIS) and implement Restorative Practices in order to strengthen students' social-emotional and behavioral learning, to increase students' positive connection to school, and to decrease student behavioral infractions including those that lead to suspension. Actions include: 1. Utilize a culturally-responsive PBIS framework to communicate and reinforce school behavior expectations. Maintain a site PBIS committee that leads school-wide PBIS efforts. Educate students in school behavior expectations and celebrate their successes through a school-wide Panther Pride ticketing system; 2. Utilize a Tier 1/Tier 2 Behavior Flowchart, included an annual review of Tier 1 and Tier 2 descriptors; 3. Implement Tier 1 behavioral interventions in all classrooms; 4. Administrators, counselors, and teachers Implement Tier 2 and Tier 3 behavioral interventions for students as needed;	All Students	None Specified Identified in LCAP

	5. Teachers enter Discipline in Aeries to report student problem behaviors; 6. Establish equitable discipline practices using data-based decision making. Routinely review Tier 2 and Tier 3 discipline data with admin/counseling team, MTSS, PBIS team, Site Leadership Team and School Site Council to analyze student behaviors, to address disproportionality in student groups, and to ensure a consistent and equitable responses to student behaviors; 7. Provide ongoing professional development to staff on PBIS and restorative practices; 8. Administration, counselors and teachers implement a continuum of restorative practices including: affective statements; restorative conversations; classroom circles; and restorative mediation including Peer Court ("Justice League") to address student behavioral infractions; 9. Provide anti-racist education to staff, students and parents to promote student leadership, allyship, use of culturally responsive pedagogy, and belonging, including: a) Anti-Defamation Leagues's No Place for Hate Initiative b) SLAM! student club c) Read Stamped in all 8th grade social studies classes d) Offer 6th grade Exploratory courses consisting Culture, Leadership, and Technology, aligned with the CASEL 5 framework and the Social Justice Standards; 10. Maintain a School Attendance Review Team (SART) to monitor student attendance and to provide support to students and families. 11. Review individual attendance data in special education annual plan review and eligibility evaluation meetings.		
3.4	Provide opportunities for students to feel a sense of engagement, connection and belonging on campus, including: 1. Administer the YouthTruth Survey annually to students to measure students' needs and response to current school efforts; 2. Partner with student LEAD class to provide monthly grade-level assemblies, school spirit weeks, and themed lunchtime activities; 3. Partner with HSC DEI team to support community engagement events such as the Hispanic Heritage Festival, the Asian American Pacific Islander Festival, and a Community Read program (also in partnership with school librarian);	All Students	None Specified Identified in LCAP

	4. Partner with HSC to provide an anti-bullying or allyship assembly; 5. Partner with Can Do! to provide an expansive range of lunchtime clubs and activities (e.g. lunchtime intramurals), extra-curricular activities, and Wellness Center activities for students; 6. Maintain an updated Student Bulletin to advertise opportunities for students to connect with the school and to engage in personal interests; 7. Partner with student LEAD class to provide peer education regarding student behavior expectations (Be Safe, Be Responsible, Be Respectful, Be an Ally); 8. Partner with student LEAD class to offer the Miller Creek Market for students, which reinforces the Tier 1 PBIS strategy of a positive rewards system (Panther Pride tickets). 9. Run a Where Everybody Belongs (WEB) program that includes WEB Day for all incoming 6th grade students and all new 7th & 8th grade students. 10. Partner with counseling and wellness team to provide a more expansive onboarding process for all new 7th and 8th grade students and their families.		

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

In the 2024/25 school year, the annual YouthTruth Student and Family survey was conducted in December. This was two months earlier than the prior year. While student participation remained excellent at over 98%, parent participation only increased by 3% from the prior year, coming in at 34% of families having completed the survey. As a data metric for Goal 3, more creative strategies must be used in the 2025/26 school year to increase family participation.

In the 2024/25 school year, the administration did not host principal coffee chats as planned. In lieu of principal coffee chats, the principal attended monthly Home and School club meetings, HSC-sponsored community events and parent education nights, and quarterly English Learner Advisory Committee meetings.

In the 2024/25 school year, the Home and School club remained an active player in increasing a positive connection with school for families. Two districtwide Diversity, Equity and Inclusion celebrations were hosted at Miller Creek: the Hispanic Heritage Festival and the Asian American and Pacific Islander Festival; our HSC ran events prior to Back to School Night and Open House and fundraised at all winter and spring music concerts; ran a Community Read program in tandem with our early-spring Scholastic Book Fair; and HSC fundraising efforts increased significantly from the prior year in shifting to a Walkathon Fundraiser, modeled after the elementary schools.

In the 2024/25 school year, the counseling team redrafted two of their social emotional learning lessons that are disseminated to students in Extended Homeroom to include activities that required student goal setting. This was done in order to address the 2023/24 YouthTruth Student Survey results where only 48% of students had a positive response when asked: "I am able to create goals for my own learning." Their revised lessons were successful in increasing these results as 54% of students reported a positive response to the same question in the 2024/25 survey (an increase of 6%).

In the 2024/25 school year, the counseling team shifted their staff and student suicide prevention training modules from Kognito to ACT (Acknowledge, Care, Tell). The modules were disseminated to students through an Extended Homeroom lesson in March and to staff in a March staff meeting. March is suicide prevention month. Counselors then followed up on student ACT survey results throughout the month of March to provide individual support to students.

While we had activities in place to decrease our overall chronic absenteeism rate by 4% in the 2024/25 school year, our overall chronic absenteeism rate increased by 2% (per May 2025 Aeries data). This increase may be attributed to delayed or inconsistent home to school communication when attendance concerns arise.

While we had activities in place to decrease our overall suspension rate by 2% in the 2024/25 school year, our overall suspension rate increased by 2.4% (per May 2025 Aeries data). In addition, there is a disproportionate number of students with disabilities suspended, with 45% of the total suspensions being attributed to students with disabilities. This increase may be attributed to inconsistent PBIS strategies to support Tier 1 behavior interventions, inconsistent and/or ineffective Tier 2 behavior interventions, and a lack of behavior intervention plans (BIPs) specifically to support students with disabilities. In addition, this increase may be attributed to a weak onboarding system for new students as our data shows that of the 5% of students suspended at least one day in the 2024/25 school year, 55% of these new students were new to Miller Creek (either being incoming 6th graders or transfers from other districts).

In the 2024/25 school year, the MTSS committee focused primarily on monitoring student academic progress and academic intervention programs. The elements of MTSS that include behavioral support were addressed through our site leadership team, who analyzed student discipline data, and our counseling team, who routinely analyzed social-emotional supports.

In the 2024/25 school year, the Home and School Club allocated money in their annual budget for startup costs and restocking of items throughout the year to enable LEAD students to run the Miller Creek Market at snack break and lunch.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

In the 2024 SPSA, the counseling and wellness team has been reshaped. For the 2025/26 school year, MCMS will return to two full time counselors and will maintain one full time Wellness Outreach Specialist. This is a reduction of one full time counselor from the prior year. That position has been shifted to a district level position: a Mental Health and Behavioral Coordinator, who will provide Tier 1 behavioral support training for our certificated teachers. This shift has come as a result of the December 2024 district Fiscal Crisis and Management Assistance Team (FCMAT) report, which recommended that the district explore a district behavior intervention specialist position. The support provided by the district Mental Health and Behavioral Coordinator will address the disproportionality in our discipline data by providing Tier 1 intervention support for certificated and classified staff.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

In the 2024 SPSA for the 2025/26 school year, specific activities to increase our students' sense of belonging and a positive connection with school have been added to Activity 3.3. Administration will provide teachers with ongoing professional development on PBIS, specifically in the area of proactive classroom practices, in order to increase students' positive response to the YouthTruth Student Survey question: "How many of your teachers try to understand what your life is like outside of school?," which only achieved a 28% positive result.

In the 2024 SPSA for the 2025/26 school year, the activities outlined in our 2023 SPSA to address chronic absenteeism will continue, with an emphasis on starting the communication to families sooner when attendance issues begin, and more consistently throughout the school year. In addition, to address the significant performance gap in the chronic absenteeism rates for students with disabilities, IEP teams will continue to purposefully incorporate an attendance review into each student's IEP meeting. See activity 3.3 above, as well as Goal 4 for additional 2024 SPSA activities related to chronic absenteeism.

In the 2024 SPSA for the 2025/26 school year, the activities outlined in our 2023 SPSA to address suspension rates will continue, with an emphasis on incorporating more intentional and consistent PBIS strategies into the classroom and throughout campus as well as a more complete onboarding process for new students so that they are more thoughtfully integrated into our school community. See Activity 3.4 above. In addition, we will utilize the district's new Mental Health and Behavioral Coordinator to support us in incorporating more Tier 1 behavioral support training in the classroom. In analyzing our overall suspension data further, the disproportionate rate of students with disabilities being suspended for one or more days in 2024/25 (55% of the overall total suspensions were students with disabilities) requires that special education case managers partner with our school psychologist to develop behavior intervention plans (BIPs) more frequently for qualifying students. See Activity 3.3 above.

In the 2024 SPSA for the 2025/26 school year, the Multi-tiered Systems of Support (MTSS) committee has been explicitly included in Activity 3.3 to analyze student discipline data to help establish equitable discipline practices and to monitor consistent and equitable responses to student behavior.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal 4

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Chronic Absenteeism
Miller Creek Middle School will decrease our percent of chronically absent students, specifically our Hispanic students and students with disabilities, through consistent home and school communication; partnering with families; and providing access to counseling and wellness support for identified students.

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

To increase connectedness for students through social emotional learning, campus inclusion, and wellness.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

Board Focus Areas:
1. Strengthen student connectedness
2. Cultivate community engagement to advance and enrich student learning

State Priorities:
1. School climate
2. Student engagement
3. Parent involvement

The 2024 CA Dashboard data identifies Chronic Absenteeism for all students to be in the yellow performance level, which is a one level decrease from the year prior, where the overall Chronic Absenteeism results were in the green performance level. Students with disabilities is the most concerning student group being in the red zone. In addition, the dashboard also indicates that our Hispanic student group remained in the yellow performance level for the third year in a row. The activities below work to decrease this performance gap.

Local data gathered by our Aeries student data management system as of May 2025 also shows a disproportionate rate of Chronic Absenteeism among our students with disabilities: students with disabilities make up 26% of the overall Chronic Absenteeism rate but are only 9.2% of our total student population.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that your school will use as a means of evaluating progress toward accomplishing the goal.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
1. Attendance rates - Aeries Student Data Management System	1. According to Aeries, the overall chronic absenteeism rate for Miller Creek Middle School in 2024/25 is 14.5% (August 2024 - May 2025 data). The chronic absenteeism results are disproportionate among student groups: • Overall = 14.5% • Hispanic = 17.8% • Students with Disabilities = 26.3% • English Learners = 17.2%	1. A decrease in overall chronic absenteeism by 2%. A decrease in the disproportionate rate of chronic absenteeism among student groups, with a particular focus on Hispanic students and students with disabilities.
2. Truancy Letters, SART Meetings and SARB Referrals	2. In the 2024/25 school year: MCMS has sent: • 812 Chronic Absence Letters were sent as of May 2025 MCMS has held 4 SART meetings. MCMS has made 0 SARB referrals.	2. In the 2025/26 school year, MCMS will send chronic absence and truancy letters to families on a timely basis to increase home and school partnership with attendance concerns. In the 2025/26 school year, MCMS will hold SART meetings with students and families starting in September if necessary. In the 2025/26 school year, MCMS will make SARB referrals to the county office when necessary.
3. Tardy Rates - Aeries Student Data Management System	3. In the 2024/25 school year, as of May 2025, MCMS reports 330 students tardy to 5 or more periods, which is 35% of the total student population. This excludes 1st period tardy data.	3. In the 2025/26 school year, MCMS will decrease the percent of students tardy to 5 or more periods by 10%, equaling 25% of the student population, excluding 1st period tardy data.
4. YouthTruth Student Survey Data: Belonging and Peer Collaboration Focus Area	4. According to the 2024/25 YouthTruth Student Survey, 51% of students reported a positive sense of belonging. The results are disproportionate among student groups: • White = 54% positive • Hispanic = 42% positive • Multiracial = 68% positive • Black or African American = 67% • Asian = 55% positive	4. An increase in overall sense of belonging by 3% in the 2025/26 YouthTruth Student Survey, equaling 54% positive.

Strategies/Activities

Complete the Strategy/Activity Table with each of your school's strategies/activities. Add additional rows as necessary.

Strategy/ Activity #	Description	Students to be Served	Proposed Expenditures
4.1	Use a multi-tiered approach to address chronic absenteeism. Tier 1 supports include: 1. Meet weekly with the attendance clerk to discuss students of concern and discuss strategies to support them; 2. Create a spreadsheet to note all interventions attempted for each student of concern. Work with IT to input accurate data; 3. Celebrate student success during our monthly spirit assemblies, including students with no absences and improved attendance; 4. Collaborate with LEAD, WEB Leaders, and Honor Society to develop incentives for attendance and create a mentor system for students who struggle to attend school with regularity; 5. Clear and consistent communication with students regarding the impacts of chronic absenteeism on their academic performance in high school graduation rates; 6. Consistent messaging to students and families about MCMS's absent and tardy policy; 7. Clear and accessible communication with families regarding student attendance using phone calls, emails, and/or our Parent Square app, which automatically translates into the families' preferred language; 8. Attendance review team will meet with greater regularity to discuss students of concern; 9. Presentation to Home and School Club regarding attendance rates and its impact on grades, drop out rates, and college and career readiness; 10. Presentation to SELAC, which represents our Spanish speaking students and families, and its impact on grades, drop out rates, and college and career readiness; 11. Include weekly attendance data review of special education students in our APT meetings; 12. Celebrate students who have low rates of absenteeism and tardiness during our grade level assemblies to demonstrate positive reinforcement of desired behaviors;	All Students, in particular our Hispanic Students and Students with Disabilities	None Specified Identified in the LCAP

	13. Continue to collaborate with our counseling and wellness team to create engaging activities on campus to increase student connectedness to the school community; 14. Collaborate closely with IT team to provide timely and relevant data about number of chronic absenteeism letters sent		
4.2	Use a multi-tiered approach to address chronic absenteeism. Tier 2 supports include: 1. Send out monthly chronic absenteeism and truancy letters to families with clear communication regarding the impacts of missing school; 2. Hold weekly detentions for students who exceed the tardy limit (5 per week); 3. Communicate with families regarding students who have exceeded the tardy limit; 4. Meet with the attendance clerk weekly to review students of concern; 5. Meet with the attendance review team monthly to set up Student Attendance Review Team (SART) meetings and communicate with families regarding attendance concerns; 6. Develop SART questions (in English and Spanish) in collaboration with the Attendance Review Team to better understand the root cause of absenteeism; 7. Create a system of shared responsibility among the SART team to ensure follow through of next steps; 8. Referrals to our counseling and wellness program for Tier 2 and Tier 3 support.	All Students	None Specified Identified in the LCAP
4.3	Use a multi-tiered approach to address chronic absenteeism. Tier 3 supports include: 1. School Attendance Review Board (SARB) referrals; 2. Progressive discipline consequences; 3. Referrals to our counseling and wellness program for Tier 2 and Tier 3 support; 4. Home visits; 5. Referrals to outside groups for targeted support.	All Students	None Specified Identified in the LCAP

Annual Review

SPSA Year Reviewed: 2023-24

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

During the 2024-25 school year, we implemented a tiered approach to address chronic absenteeism, we created a site attendance committee to review students of concern and discuss strategies to support these students and families, and developed a questionnaire to utilize during SART meetings.

While we did not meet our overall goal of reducing Chronic Absenteeism in 2024-25, our site is well below the state average rate of 20%. The attendance team was created and we laid the foundation for continued work to improve overall attendance rates for next school year. We met twice this year and developed a questionnaire to use for SART meetings.

In school year 2024-25, we see an overall Chronic Absenteeism rate of 14.5% a .5% increase from the previous school year. This could be attributed to inconsistent meetings between the AP and attendance clerk, inconsistent SART meetings, lack of incentives for students with stellar and/or improved attendance, and a lack of students feeling a sense of connectedness with our school culture. The students who were targeted with SART meetings, did see an increase in attendance rates, which is a positive outcome.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

None of the activities in the 2024 SPSA related to Goal 4 required a major difference in the intended implementation and the budgeted expenditures to meet the articulated goal.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

In the 2025-26 school year, the goal will be to reduce the rate of chronic absenteeism by 2% overall and by 5% for our target groups, Hispanic students and students with disabilities.

In the 2025-26 school year, the AP will meet weekly with the attendance clerk to discuss students of concern and develop strategies to support those students and families. The site attendance committee will also increase the number of times they meet during the school year to 4, once per quarter.

In the 2025-26 school year, in collaboration with the attendance clerk, attendance data will be collected weekly, interventions tracked, and incentives provided to students with stellar and/or improved attendance.

In the 2025-26 school year, our site will reach out to families starting in September regarding absenteeism rates. Information will be presented to our ELAC committee to target students with Spanish as a home language.

In the 2025 SPSA for the 2025/26 school year, the activities outlined in our 2024 SPSA to address chronic absenteeism will continue, with an emphasis on starting the communication to families sooner when attendance issues begin, and more consistently throughout the school year. In addition, to address the significant performance gap in the chronic absenteeism rates for students with disabilities, IEP teams will purposefully incorporate an attendance review into each student's IEP meeting.

In the 2025-26 school year, we will translate all attendance letters, SART questionnaires, and attendance information into the students home language using the Parent Square app.

In the 2025-26 school year, we will conduct interviews with LEAD students, WEB Leaders, and honor society students to generate incentives for student attendance rates. We will continue to collaborate with our counseling and wellness team to develop our students capacity to mentor each other.

Budget Summary

Complete the Budget Summary Table below. Schools may include additional information, and adjust the table as needed. The Budget Summary is required for schools funded through the Consolidated Application (ConApp).

Budget Summary

DESCRIPTION	AMOUNT
Total Funds Provided to the School Through the Consolidated Application	$Funds were managed and distributed at the district level
Total Funds Budgeted for Strategies to Meet the Goals in the SPSA	$
Total Federal Funds Provided to the School from the LEA for CSI	$

Other Federal, State, and Local Funds

List the additional Federal programs that the school includes in the schoolwide program. Adjust the table as needed.

Note: If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.

Federal Programs	Allocation ($)

Subtotal of additional federal funds included for this school: $

List the State and local programs that the school is including in the schoolwide program. Duplicate the table as needed.

State or Local Programs	Allocation ($)

Subtotal of state or local funds included for this school: $

Total of federal, state, and/or local funds for this school: $

Budgeted Funds and Expenditures in this Plan

The tables below are provided to help the school track expenditures as they relate to funds budgeted to the school.

Funds Budgeted to the School by Funding Source

Budget Reference	Funding Source	Amount

Expenditures by Goal

Goal Number	Total Expenditures

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

1 School Principal

2 Classroom Teachers

2 Other School Staff

5 Parent or Community Members

3 Secondary Students

Name of Members	Role
Erin Dinday	Principal
Nicholas Miller	Other School Staff
Diane McGuinness	Other School Staff
Mike Schulist	Classroom Teacher
Ingrid Tuchband	Classroom Teacher
Asha Rajagopal, Chair	Secondary Student
Riordan McBride	Secondary Student
Coco Newhoff	Secondary Student
Eric Dreikosen	Parent or Community Member
Virginie Fite-Georgel	
Tni Newhoff	Parent or Community Member
Mary Sackett	Parent or Community Member
Jaimi Cortes	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature	Committee or Advisory Group Name
A. Rajagopa	State Compensatory Education Advisory Committee
A. Rajagop	Other: School Site Council

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on May 15, 2025.

Attested:

Erin Dinday	Principal, Erin Dinday on 05/15/2025
A. Rajagopa	SSC Chairperson, Asha Rajagopal on 05/16/2025

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp) pursuant to California *Education Code* (*EC*) Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with *EC* 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below.

Instructions: Table of Contents

- Plan Description
- Educational Partner Involvement
- Comprehensive Needs Assessment
- Goals, Strategies/Activities, and Expenditures
- Annual Review
- Budget Summary
- Appendix A: Plan Requirements for Title I Schoolwide Programs
- Appendix B: Select State and Federal Programs

For additional questions or technical assistance related to LEA and school planning, please contact the CDE's Local Agency Systems Support Office, at LCFF@cde.ca.gov.
For programmatic or policy questions regarding Title I schoolwide planning, please contact the LEA, or the CDE's Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

Plan Description

Briefly describe the school's plan to effectively meet the ESSA requirements in alignment with the LCAP and other federal, state, and local programs.

Additional CSI Planning Requirements:
Schools eligible for CSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal CSI planning requirements.

Additional ATSI Planning Requirements:
Schools eligible for ATSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal ATSI planning requirements.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Within California, these stakeholders are referred to as educational partners. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Educational Partner Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

Additional CSI Planning Requirements:
When completing this section for CSI, the LEA must partner with the school and its educational partners in the development and implementation of this plan.

Additional ATSI Planning Requirements:
This section meets the requirements for ATSI.

Resource Inequities

This section is required for all schools eligible for ATSI and CSI.

Additional CSI Planning Requirements:

- Schools eligible for CSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the CSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Additional ATSI Planning Requirements:

- Schools eligible for ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the ATSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Comprehensive Needs Assessment

Referring to the California School Dashboard (Dashboard), identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

SWP Planning Requirements:
When completing this section for SWP, the school shall describe the steps it is planning to take to address these areas of low performance and performance gaps to improve student outcomes.

Completing this section fully addresses all SWP relevant federal planning requirements.

CSI Planning Requirements:
When completing this section for CSI, the LEA shall describe the steps the LEA will take to address the areas of low performance, low graduation rate, and/or performance gaps for the school to improve student outcomes.

Completing this section fully addresses all relevant federal planning requirements for CSI.

ATSI Planning Requirements:
Completing this section fully addresses all relevant federal planning requirements for ATSI.

Goals, Strategies/Activities, and Expenditures

In this section, a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Additional CSI Planning Requirements:
When completing this section to meet federal planning requirements for CSI, improvement goals must also align with the goals, actions, and services in the LEA’s LCAP.

Additional ATSI Planning Requirements:
When completing this section to meet federal planning requirements for ATSI, improvement goals must also align with the goals, actions, and services in the LEA's LCAP.

Goal

Well-developed goals will clearly communicate to educational partners what the school plans to accomplish, what the school plans to do in order to accomplish the goal, and how the school will know when it has accomplished the goal. A goal should be specific enough to be measurable in either quantitative or qualitative terms. Schools should assess the performance of their student groups when developing goals and the related strategies/activities to achieve such goals. SPSA goals should align to the goals and actions in the LEA's LCAP.

A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such the S.M.A.R.T. approach.
A S.M.A.R.T. goal is:

- **S**pecific,
- **M**easurable,
- **A**chievable,
- **R**ealistic, and
- **T**ime-bound.

A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.
A school may number the goals using the "Goal #" for ease of reference.

Additional CSI Planning Requirements:
Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:
Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the Dashboard and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

Additional CSI Planning Requirements:
Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:
Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the

baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

Additional CSI Planning Requirements:
When completing this section for CSI, the school must include school-level metrics related to the metrics that led to the school's eligibility for CSI.

Additional ATSI Planning Requirements:
Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Strategies/Activities Table

Describe the strategies and activities being provided to meet the goal.
Complete the table as follows:

- Strategy/Activity #: Number the strategy/activity using the "Strategy/Activity #" for ease of reference.
- Description: Describe the strategy/activity.
- Students to be Served: Identify in the Strategy/Activity Table either All Students or one or more specific student groups that will benefit from the strategies and activities. ESSA Section 1111(c)(2) requires the schoolwide plan to identify either "All Students" or one or more specific student groups, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners.
- Proposed Expenditures: List the amount(s) for the proposed expenditures.
  Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to *EC* Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.
- Funding Sources: List the funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Planned strategies/activities address the findings of the comprehensive needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

Additional CSI Planning Requirements:
- When completing this section for CSI, this plan must include evidence-based interventions and align to the goals, actions, and services in the LEA's LCAP.
- When completing this section for CSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.

Note: Federal school improvement funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.

Additional ATSI Planning Requirements:
- When completing this section for ATSI, this plan must include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

- When completing this section for ATSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.
- When completing this section for ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the ATSI designation.

Note: Federal school improvement funds for CSI shall not be used in schools identified for ATSI. Schools eligible for ATSI do not receive funding but are required to include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

Annual Review

In the following Goal Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Goal Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal.

- Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between the intended implementation and/or material difference between the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

Note: *If the school is in the first year of implementing the goal, the Annual Review section is not required and this section may be left blank and completed at the end of the year after the plan has been executed.*

Additional CSI Planning Requirements:

- When completing this section for CSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal CSI planning requirements.
- CSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI planning requirements.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal ATSI planning requirements.
- ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for ATSI planning requirements.

Budget Summary

In this section, a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp.

Note: *If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.*

Additional CSI Planning Requirements:

- From its total allocation for CSI, the LEA may distribute funds across its schools that are eligible for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Note: *CSI funds may not be expended at or on behalf of schools not eligible for CSI.*

Additional ATSI Planning Requirements:
Note: *Federal funds for CSI shall not be used in schools eligible for ATSI.*

Budget Summary Table

A school receiving funds allocated through the ConApp should complete the Budget Summary Table as follows:

- **Total Funds Provided to the School Through the ConApp:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving funds from its LEA for CSI should complete the Budget Summary Table as follows:

- **Total Federal Funds Provided to the School from the LEA for CSI:** This amount is the total amount of funding provided to the school from the LEA for the purpose of developing and implementing the CSI plan for the school year set forth in the CSI LEA Application for which funds were received.

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.
A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the Schoolsite Council (SSC). The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

I. The development of the SPSA shall include both of the following actions:
   A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
      1. The comprehensive needs assessment of the entire school shall:
         a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need).
         b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to:
            i. Help the school understand the subjects and skills for which teaching and learning need to be improved.
            ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards.
            iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
            iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
            v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
   B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

II. The SPSA shall include the following:
   A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.
   B. Evidence-based strategies, actions, or services (described in Strategies and Activities)

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will:
    a. Provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
    b. Use methods and instructional strategies that:
        i. Strengthen the academic program in the school,
        ii. Increase the amount and quality of learning time, and
        iii. Provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
    c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
        i. Strategies to improve students' skills outside the academic subject areas;
        ii. Preparation for and awareness of opportunities for postsecondary education and the workforce;
        iii. Implementation of a schoolwide tiered model to prevent and address problem behavior;
        iv. Professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
        v. Strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.

C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the LEA (may include funds allocated via the ConApp, federal funds, and any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.

D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
    1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
    2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
    3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to:
    1. Ensure that those students' difficulties are identified on a timely basis; and
    2. Provide sufficient information on which to base effective assistance to those students.
G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Authority Cited: Title 34 of the *Code of Federal Regulations* (34 *CFR*), sections 200.25-26, and 200.29, and sections-1114(b)(7)(A)(i)-(iii) and 1118(b) of the ESEA. *EC* sections 64001 et. seq.

Appendix B: Plan Requirements for School to CSI/ATSI Planning Requirements

For questions or technical assistance related to meeting federal school improvement planning requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with educational partners (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (S*ections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*);

2. Include evidence-based interventions (*Sections: Strategies/Activities, Annual Review and Update, as applicable*) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at https://www2.ed.gov/fund/grant/about/discretionary/2023-non-regulatory-guidance-evidence.pdf);

   Non-Regulatory Guidance: Using Evidence to Strengthen Education Investments

3. Be based on a school-level needs assessment (Se*ctions: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*); and

4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (S*ections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC* Section 64001[a] as amended by Assembly Bill 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the LCAP and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC* Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

CSI Resources

For additional CSI resources, please see the following links:

- **CSI Planning Requirements** (see Planning Requirements tab): https://www.cde.ca.gov/sp/sw/t1/csi.asp
- **CSI Webinars**: https://www.cde.ca.gov/sp/sw/t1/csiwebinars.asp
- **CSI Planning Summary for Charters and Single-school Districts**: https://www.cde.ca.gov/sp/sw/t1/csiplansummary.asp

Additional Targeted Support and Improvement

A school eligible for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC* Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC* Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

ATSI Resources:
